Technical Data Sheet

PRODUCT NAME: **ONE PACK POLYURETHANE VARNISH**

CODE NUMBER: PF 6082 Gloss
PF 6076 Eggshell

PRODUCT DESCRIPTION: A modern polyurethane varnish for bright work, sides and decks giving the extra hardness and protection of polyurethane without the need of a catalyst. May be applied over conventional stoppers or varnish.

PERFORMANCE/USE: The incorporation of polyurethane resins in the formulation gives improved water, moisture and scuff resistance compared to traditional yacht and boat varnishes, making these materials ideal for use in galleys and other areas of high maintenance.

SURFACE PREPARATION: Pre-sand all timbers, finishing with minimum 180 grit sand paper. Thoroughly remove all sanding dust.
Not recommended over teak or other oiled timbers or surfaces.

APPLICATION: Apply by brush, roller or spray. Use as supplied; thin as required with Ry-thin thinners. For new work apply a sealer coat thinned with equal parts Ry-thin thinners, which may also be used for brush cleaning. One sealer coat followed by three full coats of varnish, flatted down between coats with 360 or 400 wet or dry paper with water, are recommended. Overnight drying between coats is essential.
Minimum application temperature: 10°C

DRYING/OVERCOATING: Touch/Dust dry(15°C) 4 hours
Hard dry/Overcoating(15°C) 16-24 hours

PHYSICAL PROPERTIES:

Supply Viscosity	75 seconds/ISO 6 cup/23°C
Supply SG	0.93-0.94
Theoretical Coverage:	12-14sq.mtrs per litre dependant upon porosity of surface
VOC Content:	420 grammes per litre
Flash Point / Class / UN No	≥32°C & ≤55°C / III / UN 1263
Pack Size	750 ml and 2.5 litre containers
Shelf Life	24 months unopened, stored at UK ambient temperatures.
Health & safety:	Refer to Product Safety Data Sheet before use.
